

A non-traditional personalized learning opportunity for students to reach their full potential.

Every Student, Every Day

WHAT IS SUMMIT?

The Summit program is a non-traditional, personalized learning opportunity for students to reach their full potential. It is designed for students who have attempted at least 1 (one) year of high school by providing them with a personalized and flexible learning opportunity aimed at earning a high school diploma.

Student Success

Personalized Plans

Students will be enrolled in self-paced web-based courses based on their graduation needs.

Teacher Support

Teachers will be available for in-person or virtual support Monday through Thursday from 4 pm to 7 pm at South Aiken High.

On-Time Graduation

Students enrolled in Summit will be able to earn more credits in one year than in a traditional high school program. This opportunity provides students with the ability to catch up on credits and graduate on time.

Students who are eligible are those who:

- ▶ are off-grade level due to low earned credits.
- ▶ have life circumstances that cause difficulty with regular attendance at school.
- ▶ have not been successful in a traditional high school program.
- ▶ have reliable access to a computer and internet source outside of school.

Program Structure:

- ▶ Provide students with the opportunity to earn high school credit through a web-based instructional program where students demonstrate proficiency in a subject to earn a high school credit.
- ▶ Individualized pacing and enrollment in courses based on a student's strengths and weaknesses.
- ▶ On-site teachers to assist students with the course curriculum.
- ▶ Weekly in person check-in meetings with an assigned teacher/mentor to review student progress in the program.

Why Students Choose Summit?

- Personalized plans for individual success.
- Work at your own pace.
- Ability to focus on one or two class(es) at a time.
- Individual assistance from certified teachers.
- Counselors on staff to assist when needed.
- Next-step planning – college, career, military.
- Allowed to participate in school functions and events at home school.
- Students graduate on time with their class
- Students graduate at their home school.

Here's what some former students and parents have to say about Summit.

"The summit program is a great opportunity for those students whom seem to have fallen behind for one reason or another. I think they deserve the second chance that the Summit program provides. Thank You."

"Overall the program is amazing, I definitely recommend Summit to anyone that works better at their own pace or that thinks they can handle working better on a computer."

"This program was and is an excellent idea. It gives students an option other than conventional learning and allows the students to learn at their own pace. This program will help students with self discipline and ownership issues."

“All students can learn and succeed, but not on the same day in the same way.”
